CHICAGO GRAIN.	
CHICAGO, Jan. 31.—Wheat price developed considerable strength today. The market was active, with a number of houses becoming active buyers, finding that initial offerings were insufficient to meet the demand. The market, together with offerings that received had discounted all bushels, did a good deal to help lift values. Initial estimates of the domestic crop, same as Saturday's finish to 1 1/2c, with March 31, 62 1/2 to 1 1/2c, and 1 1/2c to 1 1/2c, were followed by moderate general ease and then by a sharp recovery. The action of the market was the result of the following: After opening unchanged to 1/2c, including May at 62 1/2 to 62 1/2c, the market scored a decided general gain, with quotations which varied from 1/2c to 1 1/2c, starting 1/2c to 1 1/2c, May 4 1/2 to 4 1/2c, and later raising to 4 1/2c to 4 1/2c.	
Downturns in the value of hog and beef provisions.

## Food and Copper Shares Are Stronger But Rails Gain Little

\*  
NEW YORK, Jan. 31.—In the stock market the week opened with a mixture of buoyancy and gloom. The market irregularly was shown by steels and equipments American and Canadian Locomotive being moderately bullish, while American and American Car and Motors and their subsidiaries scored variable advances, as well as several of the secondary railroads Texas & Pacific gaining 1½. Foreign exchange was dull, the British rate recording a nominal reduction.

The list cancelled much of its early advance on selling of Crucible, Mexican Petroleum, Hile and Associated Oil, and Sumatra Tobacco. Associated Oil also reacted and Manatt Sugar dropped. Policy claims caused on buying of General Asphalt and Houston Oil, also several of the independent steels and power shares. A general reversal occurred before noon, Studebaker falling 2½ points on rumors regarding the dividend which the directors are expected to declare later.
